

Recaust Analyzer Sample Points

FITNIR

○..... sample points

- 1** FITNIR measures TTA, EA, carbonate, sulfide, thiosulphate, sulphate and reduction efficiency.

- 2** FITNIR measures TTA, EA, carbonate, sulfide, thiosulphate and sulphate.

- 3** FITNIR measures TTA, EA, carbonate, sulfide, thiosulphate and sulphate.

- 4** FITNIR measures TTA, EA, carbonate, sulfide, thiosulphate and sulphate.

- 5** FITNIR measures TTA, EA, carbonate, sulfide, thiosulphate and sulphate.

- 6** FITNIR measures TTA, EA, carbonate, sulfide, thiosulphate and sulphate. WLEA is used to set proper white liquor flow to meet desired EA/wood ratio.
